Instruction for Parent

New Born

Photoshoot & Passport Photo

Dear Client,
To make your newborn photoshoot experience smooth and stress-free, please follow these instructions:

📸 **For Newborn Photoshoot**

- Please wake up your baby at least 1–2 hours before the session and play with them, so they are sleepy during the photoshoot.
- Feed your baby just before coming to the studio (or as soon as you arrive) to help them stay calm and sleepy.
- Bring a pacifier, even if your baby doesn't usually use one – it can help soothe them during posing.
- Carry extra diapers, wipes, and at least one extra outfit for the baby (in case of - accidents).
- If you have any special items (blanket, toy, or family heirloom) you'd like included in photos, please bring them.
- Dress comfortably, as the studio is kept warm to keep the baby cozy.

🛂 **For Passport Photos (Newborn & Family)**

- Babies should wear dark-colored clothing (not white, cream, or pastel) because the passport background will be white.
- For OCI or other applications: since your baby is a minor, the BLS officer also requires a parent's 2"x2" photo.
  - Please bring this photo with you OR
  - You can take your photo at Heartbeat Creation during your baby's session.

👉 **Kindly arrive on time for your appointment so your baby's routine isn't disturbed.**
